

To access Waves Artist Presets:

1. [Download](#) and unzip the **Artist Presets** to a folder of your choice.
2. Open the appropriate plug-in in your audio host.
3. Click the **Load** button in the plug-in window.

4. Choose **Open Preset File** from the drop-down menu.

5. Locate the desired Artist Preset file in the browse window, then click **Open**.
- IR1 Presets may prompt you to locate their associated Impulse files. Use the browse window to locate the Impulse file in the Artist Preset Impulse folder.

Please note that a preset file may hold more than one preset for the same plug-in. To browse:

1. Click the **Load** button in the plug-in window
2. Choose the desired preset from the list of presets under the preset file name.
