1.0 License Agreement

Smart Loops License Agreement for "MIDI Drum Loops Volume 2 "

All sounds, samples, files, and text contained in the "MIDI Drum Loops Volume 2" download file are property of Smart Loops. You are granted a license from Smart Loops, to use these files as part of your own musical productions, for profit or not. These sounds cannot be resold in the current format, or any other format, as is prohibited by law.

Using these files in your own songs and productions, and making a profit from your songs is permitted. Transferring, or reselling these files, in any format, not as part of your personal songs and productions, and marketed as such, is not permitted.

2.0 Note Mappings

Each loop in MIDI Drum Loops Volume 2 is provided using two different note mappings.

2.1 GM Enhanced

The loops in the **GM Enhanced** folder are optimized for use with the Smart Loops SL Sample Sets. The GM Enhanced mappings add even more realism to the loops by using additional snare and hi-hat samples.

Percussion 2

56	G#4	Cowbell
----	-----	---------

3.0 File Formats

Each MIDI drum loop is provided in 4 formats.

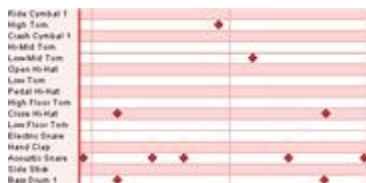

MIDI Groove Clips – For use with SONAR and other Cakewalk products. MIDI Groove clips are MIDI clips that you can roll out like audio Groove clips. Please see the MIDI Groove Clips help topic in your Cakewalk product for more information on working with MIDI Groove Clips.

Session Drummer 1 - For use with Cakewalk Session Drummer 1.

Standard MIDI Type 0 – For use with any sequencer that can load type 0 Standard MIDI Files.

Standard MIDI Type 1 – For use with any sequencer that can load type 1 Standard MIDI Files.

4.0 More Smart Loops Products & Services

MIDI Drum Loops Volume 1 includes over 600 General MIDI drum and percussion patterns and fills.

For more information please visit

<http://www.smartloops.com/products/mididrumloops/>

SL Sample Sets™ are downloadable sound files designed for PC- and Mac-based software samplers. Available in SFZ, SoundFont 2.0, and SFZ formats.

For more information and audio samples please visit

<http://www.smartloops.com/products/samplesets>

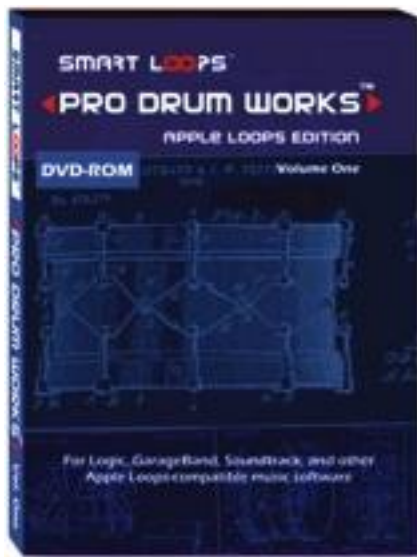

SL Hit Tracks™ are downloadable audio loop packs based on recordings of popular songs. These are recordings of real acoustic drum tracks not MIDI. The loops are split into separate verses, chorus, and

other song sections so you can duplicate the original performance, or use them to create your own song. Short 1 and 2 bar loops are also included so you can get the most use from these performances.

For more information and audio samples please visit

<http://www.smartloops.com/products/hittracks/>

Pro Drum Works Volume One is the ultimate Loop DVD library for recording musicians and producers. Available in ACID, Apple Loop, or REX formats. With Pro Drum Works, you can quickly create realistic, professional-quality drum tracks for virtually any rock, pop or country song.

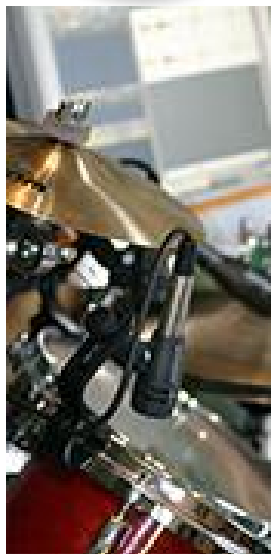

Pro Drum Works is organized into three separate Drum Kits: Acoustic Kit, Thunder Kit, and Trap Kit. You get over 3,000 unique grooves and fills, each performed on all three Kits, for a total of over 9,000 loops and samples.

For more information and audio samples please visit <http://www.smartloops.com/products/prodrumworks/>

Percussion Kit includes over 370 unique loops and individual samples of percussion instruments including agogo, bata drums, bongos, canjira, claves, congas, tablas, timbales, and more.

For more information and audio samples please visit <http://www.smartloops.com/products/percussionkit/>

Live Studio Drums is a custom multi-track drum recording service that gives your song projects and demos the professional sound you need. With a live session drummer playing real acoustic drums this is the real thing. Custom drum tracks recorded for your song in as little as 24 hours.

To book your next online session please visit <http://www.LiveStudioDrums.com>

5.0 About Smart Loops

With over 10 years experience creating professional drum and percussion loops for computer-based musicians, Smart Loops is a leading provider of professional audio loops and web-based recording services.

All Smart Loops audio files are performed and recorded by professional studio musicians and producers.

Smart Loops products are licensed worldwide, and the company's audio and MIDI content is an integral part of the best selling music software products on the market. The company's meticulously produced drum, percussion, guitar, and bass loops are endorsed by Grammy-winning musicians and producers worldwide.
