

M3000 Preset Collection for VSS3

Turbo charge VSS3 for PowerCore with these 435 amazing bonus presets taken directly from the TC M3000 Studio Reverb Processor!

These amazing presets give you everything from cars, halls, rooms and clubs to indoor and outdoor locations. They can be heard on thousands of music and film productions, and now they can be heard on yours as well.

The TC Electronic Team.

Installation

Windows XP

Copy the folders with the presets to the folder where you have the other VSS3 factory presets. The default folder is either of these two, depending on which VSS3 version you have:

**C:\Program Files\TCWorks\PowerCore\TC Electronic\Presets\VSS3\
C:\Program Files\TC Electronic\VSS3\Presets**

Mac OS X

Copy the folders with the presets to the folder where you have the other VSS3 factory presets. The default folder is either of these two, depending on which VSS3 version you have:

**<Macintosh HD>/Library/Application Support/TC Electronic/VSS3/Presets/
<Home>/Library/Application Support/POWERCORE/TC Electronic/Presets/VSS3/**
