Special Modifier Keys

Controls:

- [Shift] + click and drag on controls uses fine tune.
- [Cmd] + click on controls switches to the default value.

Arrangement/Editors:

- Scrolling/Zooming:
 - Mouse wheel scrolls vertically
 - [Shift]+wheel scrolls horizontally
 - [Cmd]+wheel zooms vertically
 - [Cmd]+[Shift]+wheel zooms horizontally
- [Cmd] in arrangement temporarily switches Tools:
 - Arrow tool to range tool
 - Any tool to arrow tool
- [Cmd] + click and drag on loop range moves loop range
- [Cmd] while dragging velocities in editor sets all to the same value
- [Alt] + Paint in part automation editor draws line

Studio One Key Commands

Console+Track Controls:

- [Alt] + Expand button in mixer expands channel exclusively
- [Cmd] + click on Solo in channel or track control solos exclusively; the same goes for Monitor and Record Arm
- [Shift]+ click on Solo saves Solo on channel
- [Alt] + click and drag on mixer releases channel from Group.
- [Cmd] + click and drag on track control duplicates track; [Alt] instead of [Cmd] additionally copies data.

Events:

- [Shift] **after** mouse-down disables snap when moving events.
- [Cmd] while dragging audio events or instrument parts creates copy.
- [Alt] while dragging instrument part drag creates ghost copy.
- [Alt] while resizing audio event stretches event.
- [Alt]+[Cmd] while resizing audio event sets clip-tempo.
- [Cmd] + [Alt] while dragging slips audio events.

Note:

- [Cmd] on Mac = [Ctrl] on PC
- [Option] on Mac = [Alt] on PC

Special Modifier Keys

Controls:

- [Shift] + click and drag on controls uses fine tune.
- [Cmd] + click on controls switches to the default value.

Arrangement/Editors:

- Scrolling/Zooming:
 - Mouse wheel scrolls vertically
 - [Shift]+wheel scrolls horizontally
 - [Cmd]+wheel zooms vertically
 - [Cmd]+[Shift]+wheel zooms horizontally
- [Cmd] in arrangement temporarily switches Tools:
 - Arrow tool to range tool
 - Any tool to arrow tool
- [Cmd] + click and drag on loop range moves loop range
- [Cmd] while dragging velocities in editor sets all to the same value
- [Alt] + Paint in part automation editor draws line

Studio One Key Alternate Commands

Console+Track Controls:

- [Alt] + Expand button in mixer expands channel exclusively
- [Cmd] + click on Solo in channel or track control solos exclusively; the same goes for Monitor and Record Arm
- [Shift]+ click on Solo saves Solo on channel
- [Alt] + click and drag on mixer releases channel from Group.
- [Cmd] + click and drag on track control duplicates track; [Alt] instead of [Cmd] additionally copies data.

Events:

- [Shift] **after** mouse-down disables snap when moving events.
- [Cmd] while dragging audio events or instrument parts creates copy.
- [Alt] while dragging instrument part drag creates ghost copy.
- [Alt] while resizing audio event stretches event.
- [Alt]+[Cmd] while resizing audio event sets clip-tempo.
- [Cmd] + [Alt] while dragging slips audio events.

Note:

- [Cmd] on Mac = [Ctrl] on PC
- [Option] on Mac = [Alt] on PC
